

Psychopunch, Dead End Ride

1 2 3 4

Feeling good but my mind wont move tonight
Wasting time but somehow I'm alright
Going down going with the flow
Baby it's so easy don't you know

I'm ok
Wake me up before I go insane

Good intentions got to hell
I can't get it of my head

I need a ticket to the sky
And I'll be fine
Don't you ever ask me why
I stay alive
For love and hate and lies
It's a dead end ride
Close your eyes
