

# Psychostick, Prozak Milkshake

I'm depressed  
So I wrote this song  
To express  
Everything that's wrong

Like my mother  
Wouldn't let me go to a rated R  
Cool movie  
At the theater with my friends

And I know  
That you may not think that it's a big deal  
But you don't understand.  
You would never understand.  
You could never understand.  
You will never understand.

Cuz I'm singing this melody (in harmony)  
And I don't know the words  
And my life's just so pitiful (and will always be)  
Like one big, smelly turd

I'm so fat  
And I'm ugly  
And I'm dumb  
And I boring

I'm a loser and that's all that I'm ever gonna be  
No use trying; I could never get anywhere

And I know  
That you may not think that it's a big deal  
But you don't understand.  
You would never understand.  
You could never understand.  
You will never ever, never ever, never understand.

Cuz I'm singing this melody (in harmony)  
And I don't know the words  
And my life's just so pitiful (and will always be)  
Like one big, smelly turd

Die, die, BITCH, DIE!  
(and stuff.)  
Die, die, SLUT, DIE!  
(At random.)  
Die, die, WHORE, DIE!  
(Who farted?)  
Die, die, French FRY!  
(I'm hungry.)

Ooh you would never understand,  
No, you would never understand

Cuz I'm singing this melody (in harmony)  
And I don't know the words  
And my life's just so pitiful (and will always be)  
Like one big, smelly turd

You would never understand!  
You would never understand!  
You would never understand!  
You would never understand!  
You would never understand!

You would never understand!  
You would never understand!  
You would NEVER!, UNDERSTAND!

(boo-hoo)
