

Psyclon Nine, Ressorekt

Ressorekt

nightmare bleeds from my soul dripping down into my eyes

embrace the tainted offering body surging with impurity

kiss the burning hatred ground into my being

without remorse without cause it resurrekts

inject me

infest me

pray to me

[x5]

inject me

infest me

pray to me

pray to my disease

[x2]

visions of torment

escape is suicide

relive this misery

resurrekt the filth inside

[x2]

inject me

infest me

pray to me

[x4]

nightmare bleeds from my soul dripping down into my eyes

embrace the tainted offering

body surging with impurity

kiss the burning hatred ground into my being

without remorse without cause it resurrekts

injekt me

infest me

pray to me

pray to my disease

[x2]
