

Psycore, Tune in - Turn on - Drop Dead

we are exactly where we want to be
we are exactly who we want to be
we are exactly the way we want to be
you're welcome to tune in to our frequency

give it up for the boys in the band

take a step outside your mind
leave your present life behind
why commit suicide
when you can get psycofied

we are exactly what we want to be
we are exactly who we want to be
we are exactly where we want to be
we're guilty of intention in the first degree
