

# Psycore, Tune in - Turn on - Drop Dead

we are exactly where we want to be  
we are exactly who we want to be  
we are exactly the way we want to be  
you're welcome to tune in to our frequency

give it up for the boys in the band

take a step outside your mind  
leave your present life behind  
why commit suicide  
when you can get psycofied

we are exactly what we want to be  
we are exactly who we want to be  
we are exactly where we want to be  
we're guilty of intention in the first degree
