

# Public Announcement, Lose A Love

Yo baby, let's set the mood right  
Don't ever leave, I don't wanna lose you

After so long and being with you (Say)  
I can't explain how much I need you (Sayin)  
You're always there, support all my needs  
And anything I want, you give it to me (Sayin)

(Oooh...)  
That's what you call love, L-O-V-E?  
And my emotions on fire  
I'm trying desperately to enter your heart.

1 - I don't wanna lose your love  
It means so much to me  
Gotta make sure that you stay  
If I have to be the key  
Can't imagine my life without the one that I need  
Please don't leave me now, can you promise me?

See baby it's on, if you believe, yeah...  
We can make it somehow, just you & me (Say)  
Our time is here, let's not give it away (No)  
Don't put off tomorrow, let's do this today  
(Wanna do it, yeah)  
With a friend you call love, L-O-V-E  
My emotion's on fire  
I'm trying desperately to enter your heart baby, whoa

Repeat 1

Baby, yeah, yeah  
I don't wanna lose your love  
It means so much to me  
When I'm home alone, on my darkest night  
You're my shining starrrr, ooh

Don't wanna lose you...

Repeat 1 till end
