

# Public Image Limited, Careering

PiL)

A face is raining  
The pride of history  
Across the border  
The same as murder  
Is this living  
He's been careering

The steady hand as planned  
Behind the reasoning  
No claim for property  
There is bacteria  
Both sides of the river  
Is this living  
He's been careering  
No one should be there  
Trigger machinery

Mangle the military  
Blown into breeze  
Is this living  
Scatter concrete  
The jagged metal bad life  
He's been careering  
Manufactured

Is this living  
Across the border  
A face is raining  
The pride of history  
The same as murder  
Is this living careering

There must be meaning  
Behind the moaning  
Spreading tales  
Is this living

Like coffin nails  
He's been careering  
It's raining  
I need to hide  
I've been careering

Trigger machinery  
Is this living  
Across the border  
There is bacteria  
Both sides of the river  
Armoured machinery mangled
