And I-would not be surprises If next door's roses died And I-would not be overcome with grief When, in the shadow's cast The trees lose all their leaves

Two cheeks to the wind-three sheets to set sail Bow in the storm-we'Il die in the water My armada-three sheets to set sail Bow in the storm-we'Il die in the water Armada

My armada-led to the slaughter My armada-nothing but murder To conquer and blunder Led to the slaughter Nothing but murder My armada
