

# Public Image Ltd., Happy

All those oh so trendy in their flapper and flair  
Delinquent derelict four walls and a square  
never should you worry about society  
The best thing in the life are never free

Treat this whole world to a cavalry rout  
and when you&#039;ve had enough of go, go, go get out

Is everybody happy?  
Well are you hap-hap-hap-happy?

You get a live-in lover, never leave her alone  
the lifestyle is impressive, and you&#039;ve moved up in a tone  
circulate in circles leave the centre at home  
and happy is this hero, never needing a throne

We&#039;re having a party not everyone&#039;s welcome  
and if you&#039;ge got no friends I&#039;m sure we&#039;ll invent some

It&#039;s things and then its places  
Not people and their faces  
It&#039;s things and then it places  
Not people and there faces

Is everybody Happy?

Dont go near the water till you learn how to swim  
the parodies and prophecies, cataclysm  
probably a proverb like blood form a stone  
and happy is a hero, never needing a throne
