

Puff Daddy, Angels With Dirty Faces

(feat. Bizzy Bone)

[Bizzy Bone]

Let it go (Let this angel life go)

Let yourself go

(Time is passin' 'til the cops come)

Big beef, big beefin' with the Mistress

(On and on and on and on and on and on and)

Over the backs of the lines as we growl, mutherfucker

We are livin' in the last motherfuckin' days

This is Revelations

If it don't go down now

That mean aye'body was wrong

Can you face yourself with that question?

Or the answer? What the fuck do you believe in?

Say goodbye to the bad guy

'Zy rollin' with my cateye, deadeye

Ain't afraid to flame a rat up

But I hot out fathom

My album hit the shelves

We hustle for record sales

Hit my liquor store

Let my niggas learn about in jail

Till the squad cars accel', it's to my position as we yell

This here's some bullshit like pit bulls in the bull pen

Make that a fine, no

If you don't like my bullets, to hell if he ain't fashion

L.A. looters, throw your mask on

Gambini got his mash on and now we gonna be blastin'

[Puffy]

I'm married to the game and every year's the same

Bullets rain all season

Heaven and Hell is only what you believe in

Empty the shells if niggas give you the reason

Never was the type to be stuck and duckin' and weavin

By the grievin'

My story's no fairy tale, reach niggas in every cell

From my block to the world, gave the glock to my girl

Don't mix the kids with the biz'

Baby, the industry's hell worth it

[1] - Oh, I said, oh yeah

When they come to lock you down

(Don't let it come our way)

Oh I said, oh yeah

When they come to lock you down

(Don't let it come our way)

Oh I said, oh yeah

When they come to lock you down

(Don't let it come our way)

Oh I said, oh yeah

When they come to lock you down

(Don't let it come our way)

[Puffy]

Look in they grill and get the real

Cuz expressions can mean alot

Threw my trust in your progress

And you guessin' I seen alot
The paper got us dressin' and impressin'
We spend alot
Confessions get us blessings from the Lord
We sin a lot
Wonder will He let me in?
And not constantly tryin' to find a reason why
Because I'm a Bad Boy they wanna label me a bad guy
Now who am I?

[Bizzy Bone]
It's P. Diddy muthafucka

[Puffy]
Do or die?

[Bizzy Bone]
Don't give a fuck motherfucker

Roll through, trust no chicken
Tigh kids are tellin' me what's ammunition
Buck, buck ammunition baby
You let me slow down, the guy that got me's fell down
And mami wants to help out
So bought the best computer
Yes, stress never more
Fresh out the foster home
If I had a just talked to the psychiatrist
Tell her 'bout how she had clothes designers
Can she come buy with me?
Come ride with me, provide me with a gun
Slide the weeded road, come get high with me
You don't come weed with me anymore
You don't need me anymore
Believe me bitch, shit I've slept on the floor
Who been left before a black out
Tear up the stackhouse
Comin' out detention or they always rat (Come on)
(Pick it up, ride through)

[Repeat 1]

Insidious, hiddious, gritty cuz she that gets in the club
Smack the prettiest in a mini
Whittiest beefin' with the mistress
Can see they just beatin' up
Got even the little kids pickin' up pennies and nickles
Cuz they're fallin' in love with his teddy book
Give them livin' and pinning a minimum worth a penny
(Gotta be spendin')
We all earn our dollar 'till it is the sour element
What kinda knowledge is this that I be reapin'
Dippin and talking' how it's for money
And ending up going back
We made like forty one trips
Yeah, we want it like that, you know what I bring

[Puffy]
Yeah, yeah, yeah
See what you niggas do to me, I do to you
And if I'm who you came to see, then do what you gotta do
We can do it anywhere, right here, right there
And if you sleep, turn your dream to a nightmare
Niggas don't creep, no sleep, feel the heat
They lookin at me funny, fuck a hoe, get this money

No time for the misfits niggas, bring your clips
War's on my mind
Packin' bullets from the mines, mutha fucka's

[Repeat 1 until fade]
