

# Puffy AmiYumi, Angel Wink

If you keep the promise  
I will grant your wish  
I will give you wings  
You can fly away in the country of spring

Passing each other like music notes  
Lost in his mind  
Help me angel  
Biting an apple  
It makes me feel such hard feeling

I love you  
I love you  
Sometimes sulks  
I don't know  
I don't know  
Sometimes pretend I'm not interested  
Why?

Angel make a wink  
Show me your courage  
Show me your smile  
Those are promises between you and me

Please do not laugh  
I want to tell only you the reason of the white dress  
It's a secret between my angel and me  
The wings you gave me  
Brings me to the love

I love you  
I love you  
My lips are embarrassed  
I don't know  
I don't know  
I can't stop weeping, why?

Angel makes a wink  
I can see  
The smile that swings behind tears  
It is very beautiful

Important promise  
Wipe tears  
Show me your smile  
That is the promise between me and you
