

Puffy AmiYumi, Sui Sui

The mountains over there behind the air balloon
Sui-susui-su

The warmth that the flavors,
the neighbors give me is so dreamy

Such a great trip it's so cool
I'm on the trai-ai-ai-ain

Every landscape I see

I want to give to her
Sui-susui-su

And at the shore of the lake
The most important thing is that we will kiss
Smacky (x3)

It was supposed to be a great trip
But I got train sick
Bambi is jumping around my head
Everybody is saying
You gotta get your feet back on the ground
