</lyrics>
It begins with a new color
A flamingo with a sexy pose
arcade glare and sweating broiled chestnut
The dating spot at the Chinese wall
Hovering among a cove of buildings
You hear a night song in a night mode

Sing Tokyo Nights, melting sweetly
Tokyo Nights, smiling at the night

The lipstick is a new color
A dancing anaconda
I saw that hometown in a limo on TV
A man who's holding a papaya
Chilled wine is classic
You hear a night song in a night mode

Sing Tokyo Nights, melting sweetly
Tokyo Nights, smiling at the night

Tokyo Nights, melting sweetly
Tokyo Nights, smiling at the night

In the moonlight, a crowd of strangers
Stars too far away
A lady crying, in her hands a flower
Her white teeth twinkle!

Sing Tokyo Nights, melting sweetly
Tokyo Nights, smiling at the night
