

Pug Jelly, Give Or Take (Acoustic)

We use to go for coffee and we used to go tgo talk,
Remember times we use to share and soon they'll all be gone.
Sunny days and summertime won't be the same again,
You've gone away, not fade away
There's no telling when...

Things will stay the same,
You're gone and i'm here to stay
I'm going away,
My feelings will not change
Friends forever, Give or Take

First day at school walked into class,
To all those staring eyes.
They looked at me so differently, I can't imagine why,
I had to leave my home and friends, to come to this place.
Things are strange i feel the pain, i do now feel the same

Things will be the same,
You're gone and i'm here to stay
I'm going away,
My feelings will not change
Friends forever, Give or...
Take my life away.
Everything's changing now,
I do not feel the same.
I'm going home, i'm not here to stay.
Friends forever, Give or Take
