

Puggy, Never Give Up

They told us we would fall before we started, but we never give up,
No we never give up.
There'll always be a place to hide the heartache,
But we never give up no we never give up

When everything is falling down to pieces
You hang around with me
we only talk about it when you need it
It's what you found in me

And it feels like I've known you a minute
It's been years still we know how to kick it
And we don't give a damn 'till we get it
It's everything I ever though I needed

Still we don't fall under pressure
and our thoughts are as light as a feather
Always knew we could do so much better
With all that we've been through

We never give up
no we never give up
Never know when to stop, break up, heads up
take it right to the top
And always there with you
No we never give up
No we never give up
'Till everything is falling down to pieces

And now you only think about that feeling
won't let pass you by
And if it was a dream could you believe it
That it was your and mine
