

Pulley, Darkside

I could never do enough for you
You took all i could give
To leave me outside in the cold
Am I supposed to forgive?
Go your way and I'll go mine
There's nothing left to say
I'm better of without some one who would
Treat a friend this way

Felling sorry for yourself
I don't feel sorry for you
Search for answers
Find no answers
I don't feel sorry for you

Support your cause I never will
Believe a thing you say
The taste of dirt inside your mouth
It's the dark side you can blame
Search to find the answers that were once intelligent
Now you find your self all alone with your new friends

Felling sorry for yourself
I don't feel sorry for you
Search for answers
Find no answers
I don't feel sorry for you

The loss of hope
The forgotten dreams
I'll get over you some day
You built this wall around yourself
And you pushed us all away
There's so many song's that glorify
This sickness that decay
Standing still while your hanging on
I'll get over you someday
