

# Pulley, Darkside

I could never do enough for you  
You took all i could give  
To leave me outside in the cold  
Am I supposed to forgive?  
Go your way and I'll go mine  
There's nothing left to say  
I'm better of without some one who would  
Treat a friend this way

Felling sorry for yourself  
I don't feel sorry for you  
Search for answers  
Find no answers  
I don't feel sorry for you

Support your cause I never will  
Believe a thing you say  
The taste of dirt inside your mouth  
It's the dark side you can blame  
Search to find the answers that were once intelligent  
Now you find your self all alone with your new friends

Felling sorry for yourself  
I don't feel sorry for you  
Search for answers  
Find no answers  
I don't feel sorry for you

The loss of hope  
The forgotten dreams  
I'll get over you some day  
You built this wall around yourself  
And you pushed us all away  
There's so many song's that glorify  
This sickness that decay  
Standing still while your hanging on  
I'll get over you someday
