

# Pulley, No Defense

conflict dont judge me  
i avoid competition  
cant dream up the reasons why you'd try to strip me of confidence.  
i have no defense

given no motive to stab me in the back,  
i've only been your friend for years and years to come  
i have no defense.

is it a joke?  
cause i'm not laughing  
well i guess it is,  
cause im still standing  
my ears are ringing  
lets see who keeps stabbing

feel free to take hits on me  
and dont worry about an apology  
cause it makes you feel good to stand your ground

when it comes to play the game  
you know im outa my leauge  
tongue-tied battered and bruised  
can't get up to speed

and if you make the rules you break 'em  
i feel like a fool whos been taken through the ringer  
i have no defense

is it a joke?  
cause i'm not laughing  
well i guess it is,  
cause im still standing  
my ears are ringing  
lets see who keeps stabbing

feel free to take hits on me  
and dont worry about an apology  
cause it makes you feel good to stand your ground

i know it takes some, i know it takes some heart.

nooooo defeeeeeeense!!!!

sorry if its not accurate, i did it by ear
