

# Pulse Legion, Out From In Me

Out from the dark here  
Under the night sky  
Watching here is real

Back in the dark here  
Into the dead life  
Watching the blood tear  
Out from in me  
Whatching the blood tear  
The grip from the inside  
The last of the dead life

Under the night skky  
I watch how the blood tears  
the grip from the inside  
Nothing here is real

Watching the blood tear  
The grip from the inside  
The last of the dead life  
The frist life you go by  
Out from the dark here  
Under the night sky  
I watch how the blood tears  
The last thing from inside

Out from the dark here  
Under the night sky  
Watching the blood tear  
Out from in me.
