

Pulsedriver, Galaxy

I'm floating thru the universe
searching for a better world
searching for another place
beyond time, beyond space
travelling thru the galaxy
with no bunderies, no gravity
all is quiet and peaceful
still longing for eternety

travelling to the galaxy
with no bunderies, no gravity
all is quiet and peaceful
still longing for eternety

travelling thru the galaxy
with no bunderies, no gravity
all is quiet and peaceful
