

Punchline, Punchline- Arras

I can tell what you're thinking, I can usually read your eyes
this time might be different, so tell me if i'm right
You're a bit unhappy with the decision that you've made
I was not first choice but I can't let you get away

How often do you find a girl with a mind, philosophies and looks,
and the time to care for me? She said that she's sorry please,
I can tell you're hurting just as bad as me, that's what your eyes say

Your smiles and your actions, the fact that you're afraid
to be around me, it gives you away
Now I'm not sure if i'm right about this
but i do have proof, and here's my evidence

How often do you find a girl with a mind, philosophies and looks,
and the time to care for me? She said that she's sorry please,
I can tell you're hurting just as bad as me, that's what your eyes say

Whoa, oh
Whoa, oh
Whoa, oh
Whoa, oh

How often do you find a girl with a mind, philosophies and looks,
and the time to care for me? She said that she's sorry please,
I can tell you're hurting just as bad as me

Before I say goodnight my two wrongs will make it right
and I will win upon my bitter sadness
