

# Pungent Stench, In Search Of The Perfect Torture

Let's go!

Minimal skinning can be an effective technique

Pain will be intense agonising horror

Mutilations should always proceed slowly

Victim fully conscious of what's happening

Slice through the skin

Peel it slowly off

Watch him scream and bleed like a pork

Removal of the skin

Use a little plier

Never-ending pain

Start slicing off bits of muscles

Bits of skin

In the search of perfect torture

Amputation may be a great punishment technique

Beware of too fast mutilation

Facial mutilation are psychologically devastating

Make your victim watch you do this

Chopping off his hands

Cutting off a limb

Gouging his eyes

Slice away his lip

Amputate his legs

Before pull off his nails

And cut off his toes

Chop his two ears

Remove the sex organs

Destroy his nose

Cruel and unusual punishments

Invention of the so-called church

Thoughts of christian imagination

Used against enemies of church

In the search of perfect torture

In the search of perfect torture
