

Pure Reason Revolution, I) Keep Me Sane/Insane

Please keep me sane and lower your guard
Ill never grow tired of you

Keep me sane and lower your guard
Ill never grow tired of you

You keep me insane, all crazed
But Ill never grow tired of you

I cant brave your heart

No I cant brave your heart

And I wont deny the pain, defy a change
I fear Ive scorned the love in you

No wont deny the blame, despise the strain
Unblessed we fall machine gun muse
