

# Puressence, Keep It To Myself

I, have left the mainstream  
And now I'm walking round and round  
With a smile  
Cos I'm thinking 'bout myself, for the first time

And I, don't walk the same streets  
As everybody else, never have  
Oh well the one I tried didn't last  
Have the last laugh

I tried all the time  
And I cant seem to find no way (yeah, yeah)  
And all I can do it to keep you to myself

Shall I stay or shant I?  
Shall I stay or shant I?

You want to get to know me  
Well no-one ever really has, you can try  
But the one who tried didnt last  
So ?

And I just dont know  
I just don't care  
It just don't seem  
That you're all there  
Well i dont really have that much time  
Cause I'm 'bout thinking about myself, what's mine is mine

I tried all the time  
And I cant seem to find no way (yeah, yeah)  
And all I can do it to keep you to myself

Shall I stay or shall I?  
Shall I stay or shall I?  
Shall I stay or shall I, yeah?

Shall I stay or shall I, yeah?  
Shall I stay or shall I, yeah?  
Shall I stay or shall I, yeah?  
Shall I stay or shall I, yeah?
