

Puressence, Sharpen Up The Knives

Sharpen up the knives
Every day I sit at home and sharpen up the knives
But it's alright, it's alright,
Today is the tomorrow that I dreamed about last night
So shine a light, shine a light
But I
just wanna feel what I
Felt before, but I
Want you to know that I
Need it more
Well the blind lead the blind
Are the saints still alive since the last time?
At the end of the line was I cruel to be kind
in a past life?
Well sharpen up your knives
Every day I chip at stone while you are on your way
Up to the stars, up to the stars
I don't know where I'm going to, I don't know where you are
But it's a start, but it's a start
And I
Just gonna say what I
said before but I
I want you to know that I
Need it more
Well the blind lead the blind
Are the saints still alive since the last time?
And I don't wanna stay, don't wanna
go away
in a past life
it's not alright, it's not alright, it's not alright
I'd given up on horses hooves
And I'm feeling more than just blue ribband blues
And his advice before I die
Is be sincere whether you mean it or not
It's alright.
