

Puressence, Simmer Down

(Doo do do do do do)

I don't wanna let you down
I see what you're doing now
Well it's a crime
What you've been through

See how I changed my ways
Strung out since yesterday
And I
I wont be lonely
I wont be lonely, like you are now

Simmer down, yeah yeah
Open out, yeah yeah
Do it now
I wont be lonely
I wanna know me, is new in town

Stuffed out a hurricane
I came through the last chicane
It's time, to push on through
I heard Robert Nester called
"Freedom for one and all"

And now
Just look at me
I'm a silver breeze
I'm a passing cloud

So simmer down, yeah yeah
Open out, yeah yeah
Do it now

Yeah yeah
Yeah yeah

Simmer down, yeah yeah
Open out, yeah yeah
Do it now
Do it now
The sun comes out

Yeah, yeah
Yeah, yeah
Yeah, yeah
