

Pussycat, Abschieds Souvenir

One more spitting hole
Warm injected invitro
One more water hole
Take a drink and go
Mind on vertigo
Nine-split thorax video
Seed my water hole
take a drink and go
You're just like me
and I'm like you
You want it all
And I want you to tie a noose again
I watched you take her take a walk I walk her like a spider
I take you watched her take a walk I walk her like a spider
To my spitting hole
Get my taste and then I go
I watched you take her take a walk I walk her like a spider
I take you watched her take a walk I walked her like a spider
Face my spitting hole
Mind on vertigo
Seed my water hole
Take me invitro
You're just like me
and I'm like you
You want it all
And unlike you I'm tied and noosed again
