

# Pussycat Dolls, Glamour Girl

(feat. T-Pain)

What do you think that ya looking at.  
Cause see me and ma girls are the top spot!  
Can't you see we wear makeup and fancy clothes  
Other than you, you look dreadful!  
Cause we are...  
Glamour girls, yeah that's right!  
Glamour girls, no complaining.  
We are the fashion definition,  
That's why we're on a mission.  
See, me and my lover have got better plans,  
Walking down the street, holding each others hands.  
Drivin to a resturant in ma convertible,  
Eating all my dinner, still adorable.  
Yeah, me and ma girls have a man every night,  
They know that we're hot at the first sight.  
Cause we are  
Glamour girls, yeah that's right!  
Glamour girls, no complaining.  
We are the fashion definition,  
That's why we're on a mission.
