

Pussycat Dolls, Space

Mmmmmmmmmmm

[Verse 1:]

The plan was to let me down gently, I know
The game was to call it temporary, ooohhhhhh...
Boy be careful what you wish for
'cause u might get that and so much more
I won't shed a tear
If you don't want me here

[Chorus:]

Boy I'll give u space
In the closet where my clothes should be
In that empty bed without me
Now I'm walking out the front door
You got exactly what you asked for, space
In your phone where it said my name
Where I torn my picture out your frame
And I won't be around when you figure out
You got exactly what you asked for, space

[Verse 2:]

Now wait, this ain't no way to be treated
Mistake, you can have your cake and eat it
'cause any real man would up and leave
But I guess it's more than you can be
Let me help you up
I'm a leave right now
Boy you got your space

[Chorus:]

Boy you got your space
In the closet where my clothes should be
In that empty bed without me
Now I'm walking out the front door
You got exactly what you asked for, space
In your phone where it said my name
Where I torn my picture out your frame
And I won't be around when you figure out
You got exactly what you asked for, space

[Bridge:]

Where my kiss should be,
Where your arms where they used to be holding me
Is your car, on the passenger side,
There's an empty seat where I used to ride
Space, in your mind when you think of me
Cause I'm about to be a memory
Now you got your space

[Chorus:]

Now you got your space
In the closet where my clothes should be
In that empty bed without me
Now I'm walking out the front door
You got exactly what you asked for, space
In your phone where it said my name
Where I torn my picture out your frame
And I won't be around when you figure out
You got exactly what you asked for, space
I'll give you your space
You got your space
You got exactly what you asked for
Ohh babyy... I'm so gone...
You got me saying byeeeeeeee babayyyyyy
