Pussycat Dolls, Space

Mmmmmmmmmm

[Verse 1:]

The plan was to let me down gently, I know

The game was to call it temporary, ooohhhhhh...

Boy be careful what you wish for

'cause u might get that and so much more

I won't shed a tear

If you don't want me here

[Chorus:]

Boy I'll give u space

In the closet where my clothes should be

In that empty bed without me

Now I'm walking out the front door

You got exactly what you asked for, space

In your phone where it said my name

Where I torn my picture out your frame

And I won't be around when you figure out

You got exactly what you asked for, space

[Verse 2:]

Now wait, this ain't no way to be treated

Mistake, you can have your cake and eat it

'cause any real man would up and leave But I guess it's more than you can be

Let me help you up

I'm a leave right now

Boy you got your space

[Chorus:]

Boy you got your space

In the closet where my clothes should be

In that empty bed without me

Now I'm walking out the front door

You got exactly what you asked for, space

In your phone where it said my name

Where I torn my picture out your frame

And I won't be around when you figure out You got exactly what you asked for, space

[Bridge:]

Where my kiss should be,

Where your arms where they used to be holding me

Is your car, on the passenger side,

There's an empty seat where I used to ride

Space, in your mind when you think of me

Cause I'm a about to be a memory

Now you got your space

[Chorus:]

Now you got your space

In the closet where my clothes should be

In that empty bed without me

Now I'm walking out the front door

You got exactly what you asked for, space

In your phone where it said my name

Where I torn my picture out your frame

And I won't be around when you figure out

You got exactly what you asked for, space

I'll give you your space

You got your space

You got exactly what you asked for

Ohh babyy... I'm so gone...

You got me saying byeeeeeee babayyyyyy
