

Puya, Retro

Corre el tiempo, nunca te va a esperar
Sopla el viento...
La brisa te anuncia lo que te llegara
Y cierras lo ojos
Prefieres recordar
Prefieres recordar
A tener que enfrentar
A tenerte que enfrentar
Sociedad te canto a ti no te me tapes lo oidos, me me vas a oir
Modernization. industrialization
Feeding people violence now you go them all sick
Pues let me tell you something por si tu no lo sabias
It's coming back at' ya to get' ya
I'm laughing at' ya while you talk about retro...
Prefieres recordar, Prefieres recordar
Prefieres recordar, Prefieres recordar
The comeback of the year, that's all you hear;
but we know it's not for real
'Cause we're not coming back we're coming through;
so why look back when the road's ahead of you
Puya can read between your lines
Anesthesia is the name of you plan
Media tactics, strategies, nothing new to this;
you'd rather remember...
Prefieres recordar, you'd rather remember...
