

Pylorus, Labour Day

Verse 1:

I know there are things that you can't comprehend.
I know there are things about me you can't stand.
Maybe we should put things to rest.
Maybe that'd be the best, for you and me

Chorus 1:

I know I'm not perfect that's obvious.
I just want what's best,
for you and me to do.

Bridge:

I didn't expect things to end like this.
I didn't know it would be this way.
But I promise you with this kiss,
that I will love you always, I will love you always.

Chorus 2:

I know I'm not perfect, that's obvious.
I know there are things about me you can't stand,
but I promise you with this kiss.
That I will love you always, I will love you always.
