

# Pyogenesis, Lunacy

[Music & Lyrics: Flo V. Schwarz]

I do have this feeling - not to stay at home  
wanna see some people - don't wanna be alone  
Although my town offers me places  
they even could be nice,  
I would leave earlier than sunrise  
Lunacy, Lunacy  
You can leave behind all anger,  
You can leave behind all pain  
Cause we're not living for tomorrow  
We are living for today  
In a place called "Lunacy";  
Porno, he's our mercher,  
he goes there as well  
like all the other people  
to "Hamburger Hill";  
I drink champaign with Red Bull on ice  
And pay a special price  
I won't leave erlieer than sunrise  
Lunacy, Lunacy  
You can leave behind all anger,  
You can leave behind all pain  
Cause we're not living for tomorrow  
We are living for today  
In a place called "Lunacy";
