Pyogenesis, The Pain Of Heartache

(Music & Schwarz) (Music & Schwarz)

Pain of a heartache

You don't have many good feelings left for me So hard I'm trying to convince you to give us time You say you don't love me the way a lover should And in the end I even tried harder than I could Pain of a heartache Pain of a heartache Pain of a heartache"We may stay friends" That's not enough as you might guess I can't continue without your hugs without your kiss I feel ashamed So many things I'd change I would And in the end I even tried harder than I could Pain of a heartache Pain of a heartache
