Just feelin' things out for real, ya know?
Just wanna do me for real, ya know?
No reason to make it complicated, you feelin' agitated,
You love it or you hate ituck it
Desperation, jumpin' off of street corners here
Hustlahz lookin for buzz like "pop one in here"
Local state officials.yeah they out of touch
Getting money for some, aiyo, ain't nothin' much
But yo'et them tell it, we smoke it and we sell it
You don't understand, so don't tell it
You sneakin' souls just for phat diamond golds
'cause our lady friends have likings for designer clothes
People in my hood think.if I'm lookin raggedy, then the cat is just a weak
link
In the very fake chain of oppression.if television taught me any lesson, it's
"Image is Nothing", but yo I got a thirstothing, but yo I got a thirst
Nothing, but yo I got a thirstthat's first? Your rings or your purse?

It's kinda scary you see.
How f**ked up things can be
Each time you take a bath
How it could have been your last
There's so much shit around us
Things we can't even see
Is this the end of our line?
That's where I wanna be.that's where I wanna be
That's where I want to be.that's where-I want-to be
