

Q5, Lonely Lady

This is the challenge of a lifetime - lifetime
I saw her standing in the cold - twilight
She's never been in love
She always gave it all away
Lonely lady, lonely lady,
Lady on my mind
This is no ordinary love affair - love affair
Her memories she tries to hide - inside of her
She's never been in love
She always gave it all away
Lonely lady, lonely lady,
Lady on my mind
I give her everything and all my love - all my love
This is a perfect chance to show - all of them
She's never been in love
She always gave it all away
Lonely lady, lonely lady,
Lady on my mind
