

Quadra, Bad Tuesday

The pain is gone, nothing but lies
There is no magic in your eyes
I can go on he has the way
My fragile heart you cant defend
The pain is gone, nothing but lies
So now im back on sunny grey
There is no magic in your eyes
So now im back on sunny grey
I can go on he has the way
So now im back on sunny grey
My fragile heart you cant defend
So now im back on sunny grey
