

# Quasi, No One

no one will hurt you, no one will hurt you  
no one can hurt you, no one can hurt you  
i won't allow them to hurt you  
lay here beside me  
stay here beside me  
close your eyes, stay here with me  
because no one will help you, no one will help you  
no one can help you, no one can help you  
i won't allow them to help you  
lay here beside me, stay here beside me  
close your eyes, stay here with me
