

# Quasi, Nothing, Nowhere

Drifting by, from nothing into nowhere,  
Inside someone's dream - is it mine? -  
A cardboard panorama in an empty void;  
Stars, like diamonds, shining in an endless sky.  
Close your eyes - see how clear the darkness is this time?  
We shake hands & we smile,  
Receding back to where we came from before we were born.  
Nothing, nowhere - meaningless & beautiful.
