

# Quavo, Georgia Ways - feat. Luke Bryan, Teddy S

That's just how I was raised  
Yeah  
Quavo  
Georgia  
That's just how I was raised  
Let's get together, baby  
Yeah, Georgia, Georgia

Let me tell you a lil' story 'bout Uncle George (George)  
Taught me how to get it out the Georgia mud (Georgia mud)  
Standin' on the porch with a big old gun (Baow)  
Better not step on the driveway  
Georgia boys pullin' out sideways (Georgia)  
In the south we ball, how about them dogs?  
Waffle house, soaking up the alcohol  
Lemon pepper, Magic City on a Monday

That's just how I was raised, stuck in my Georgia ways  
Don't care 'bout what you say, some shit won't never change  
That's just how I was raised, stuck in my Georgia ways

Got a friend with an apple, lose and run in line (You know it)  
Shotgunnin', back to back, now they in lies (Yeah)  
Quilberg's covered in the Southern pies (Brr)  
Peanuts rollin' down a back-rub (Uh)  
Trojans kickin' off and leave cold (Trojans)  
We on title town, we love Wendy down (I got you)  
Peach grown, baby, on a hit bell round  
This my ninety-nine chipper game, day one, oh

That's just how I was raised, stuck in my Georgia ways  
Don't care 'bout what you say, some shit won't never change  
That's just how I was raised, stuck in my Georgia ways  
Don't care 'bout what you say, some shit won't never change (Tell 'em, Teddy)

Yeah, baby, this the finale  
Courtside Hawks ticket, Quavo threw me the alley  
Dirty mud, baby, where the players play  
Finna turn this bitch up sideways  
G-E-O-R-G-I-A  
Where I B-E, baby, let me hear you say  
G-E-O-R-G-I-A  
A-Town stompin' on that old red clay (Hey)

That's just how I was raised (Born and raised)  
Stuck in my Georgia ways (Georgia ways)  
Don't care 'bout what you say (Yeah)  
Some shit won't never change  
That's just how I was raised  
Stuck in my Georgia ways (Oh)  
Don't care 'bout what you say  
Some shit won't never change

Cheers, road onto Tennessee  
Way down to Georgia  
She just as sweet as Georgia be  
Georgia  
Eighty-five, take me where I should be  
Way down to Georgia  
Oh-oh, please don't lose you
