

# Queen Adreena, Ascending Stars

soul catch fire  
said i'm alive  
i dress in red for these vows i've forsaken  
better off dead cried alive awaken  
soul catch fire  
i push back the table they put it back on me  
laugh cos i'm able they put it back on me  
soul catch fire  
razorblade smile and this cut throat devotion  
disdain for these lies with my blood it is spoken  
soul catch fire
