

Queen Adreena, Cold Fish

Strip me down and bait my soul
Cut my heart out, eat me whole
Taunt and bait me, invalidate me

Cold fish
Cold fish
Cold fish
Cold fish
In my little dish

Cast your hook and reel me in
Faster, more fast
Break me in
Castigate me, go on and make me

Cold fish
Cold fish
Cold fish
Cold fish
Splish, splish, splish

(Gibberish)
