

Queen Adreena, Heavenly Surrender

I'll make you a prayer,
A heavenly surrender.
To the one somewhere out there.
The one who can mend her.
I pray for the one,
Who can open my door.
Let me go through,
Oh yes, give me more.

I pray for the lover,
The willing intender.
To break down the door,
Of heavenly surrender.

I only make love to Jesus,
I only f**k God.
I only make love to Jesus,
I only f**k God.

I crave your violent,
Acted upon me.
Set me free by your
Weighted autonomy.
I am so human,
So small, so debased.
Jealousy and darkness roll over this place.

I pray for the lover,
A willing intender.
To break down the girl,
A heavenly surrender.

I only make love to Jesus,
I only f**k God.
I only make love to Jesus,
I only f**k God.

I'm a lover of freedom,
But I cling to the dusk.
I'm blown by the wind,
I'm a slave;
I am lust.
Roll my face in
The shit that I sleep in.
Tie me and bind me
Up for your keeping.

I'll make you a prayer,
A heavenly surrender.
To the one somewhere out there.
The one who can mend her.

I only make love to Jesus,
I only f**k God.
I only make love to Jesus,
I only f**k God.
I only make love to Jesus,
I only f**k God.
I only f**k God.
I only f**k...
