

# Queen, No turning Back

No time to fuss, no time to fret  
No time to think, no time to worry  
Waiting is for dreamers, give me time to catch my breath  
Seeing is believing, give me time to take a rest  
Cast alone with you  
You know I've got to go quite soon  
There'll be no time for love to go cold on us  
I'm a restless kind of guy  
There's no turning back now  
Gotta live before I die  
There's no turning back now  
With every move, with every break  
Gotta give my best and soon discover  
Standing on the inside, there's a time to hesitate  
Looking to the future, you can't leave it to the airs of fate  
Visions I have seen (visions I have seen)  
My dreams I wanna share with you (share with you)  
But my freedom now (is all I ask of you) lord I ask of you  
I'm a restless kind of guy  
There's no turning back now  
Gotta live before I die  
There's no turning back now (ooh ooh ooh)  
I'm a restless kind of guy  
There's no turning back now  
Gotta live before I die  
There's no turning back now  
I'm a restless kind of guy  
There's no turning back now (ooh ooh ooh)  
Gotta live before I die  
There's no turning back now  
I'm a restless kind of guy  
(no turning no turning no turning back)  
I'm turning back  
(restless kind of guy)  
ooh ooh ooh
