## Queen, White Queen

I'm a simple man With a simple name From this soil my people came In this soil remain

Oh yeah. . . And we made us our shoes And we trod soft on the land

But the immigrant built roads

On our blood and sand

Oh yeah. . .

White man, white man

Don't you see the light behind your blackened skies

White man, white man

You took away sight to blind my simple eyes

White man, white man

Where you gonna hide

From the hell you've made?

Oh the red man knows war

With his hands and his knives

On the Bible you swore

Fought your battle with lies

Oh yeah. . .

Leave my body in shame

Leave my soul in disgrace

But by every God's name

Say your prayers for your race

White man, white man

Our country was green and all our rivers wide

White man, white man

You came with a gun and soon our children died

White man, white man

Don't you give a light for the blood you've shed?

What is left of your dream?

Just the words on your stone

A man who learned how to teach

Then forget how to learn
