

Queens Of The Stone Age, Better Living Through

The blue pill opens your eyes
Is there a better way
A new religion prescribed
To those without the faith
The hero holding a knife
And blood is not enough
Is it too late to go back?
Is it too late to go?

There's no one here
And people everywhere, you're on your own

Let's see if I'm hearing this right
Is it just I should take
And never endings are glad
To carry out the dead
Your idols burn in the fire
The mob comes crawling out (take us down and out)
I'm reclaiming their minds
Destroying everyone

There's no one here
And people everywhere, you're all alone
