And I know  
I know  
I know that everybody  
I know that everybody be happy  
Happy as you and me  
Cos I know  
I know  
C'mon baby let me tell ya  
All the things I wanna say  
C'mon baby let me tell ya  
All the things I wanna say  
Everybody gonna be happy  
Which means you and me my love  
Everybody gonna be happy  
Which means you and me my love  
And I know  
Oh oh  
I watch you walking down the street  
Wel it makes me happy to see you walking  
Makes my life complete  
Cos I know  
I know  
Cmon baby let me tell ya  
All the things I wanna say  
Cmon baby let me tell ya  
All the things I wanna say  
Everybody gonna be happy  
Which means you and me my love  
Everybody gonna be happy  
Which means you and me my love  
And I know  
I know  
I know that you and me  
I know that you and me be happy  
Happy as we can be  
Cos I know  
I know  
Cmon baby let me tell ya  
All the things I wanna say  
Cmon baby let me tell ya  
All the things I wanna say  
Everybody gonna be happy  
Which means you and me my love  
Everybody gonna be happy  
Which means you and me my love  
Everybody gonna be happy  
Which means you and me my love
