

Queens Of The Stone Age, Never Say Never

If time itself was his demeanor
There'd be no sunlight or a glimmer
Of sunlight landin on the street
Sunsuit girls must be discreet

Sunsuit girls must be discreet
Nursing their fathers locked inside
They masqueraded as his bride

I might like you better if we slept together
I might like you better if we slept together
I might like you better if we slept together
But there's somethin in your eyes that says
Maybe that's never...Never say never

The slump by the courthouse
With windburn skin
That man could give a fuck
About the grin on your face
As you walk by, randy as a goat
He's sleepin on papers
When he'd be warm in your coat

I might like you better if we slept together
I might like you better if we slept together
I might like you better if we slept together
But there's somethin in your eyes that says
Maybe that's never...Never say never

There's no easy way to lose your sight
On the street, on the stairs
Who's on your flight
Old couple walks by, as ugly as sin
But he's got her and she's got him

I might like you better if we slept together
I might like you better if we slept together
I might like you better if we slept together
But there's somethin in your eyes that says
Maybe that's never...Never say never

Never say never
Never say never
Never say never
Never say never
