

Queens Of The Stone Age, Tension Head

Everyday I wake up feeling this way
I take it downtown with all the action going down
Stike your match, strike your match, cook it up

[chorus:]
(My life) I'm feeling so sick
(Your life) I feel so fucking sick (My life)
(Your life) On the bathroom floor

Try to get out and get right
Hustling little girls
Machine little boys
Yeah

Gotta get out, gotta get out and get right
Gotta get out, I gotta get out no more
No more, no more

(My life) I'm feeling so sick
(Your life) I'm feeling so sick
On the bathroom floor (My life)
I'm feeling so sick (Your life)
No more

Yeah!
(High life, low life, high life, low life, high life, low life)

(My life) I'm feeling so sick
(Your life) I feel so sick no more
