

# Queensberry, Better Do It

Whoou,  
You better do it  
(better, better do it)  
Its about a time,  
not that long ago,  
when you didnt know  
what to do.  
Baby you know,  
thats the way it goes.  
and its about a time,  
not that long ago,  
when you didnt know  
which way to go.  
baby you know,  
thats the way it goes.  
(better do it)  
you better place your changes  
instead of changin' places  
better do it (better do it)  
you know that life is all about  
findin' a way to do it  
if you're having a bad day  
and you feel like giving up  
don't loose it  
tomorrow is a brandnew day  
don't you worry, you can start to where  
if you're having a bad day  
and you feel like giving up  
don't loose it  
you can face anything  
just do it!  
better, better do it  
1,2,3,4  
you better place your changes  
instead of changin' places  
better do it (better do it)  
you know that life is all about  
findin' a way to do it  
you better place your changes  
instead of changin' places  
better do it (better do it),  
you last so many days  
didn't know which way to do it.  
better do it, better better do it  
better do it, you better better do it.
